

Project Intake Summary Sheet

Name:	Phone:
Address:	Email:
Top Dimensions:	
Quilting Service Type: Edge-to-Edge (one continuous repeating design) <input type="checkbox"/> Low Density (\$0.02 per square inch) <input type="checkbox"/> Medium Density (\$0.025 per square inch) <input type="checkbox"/> High Density (\$0.03 per square inch) Semi-Custom (mostly one design with different border designs) <input type="checkbox"/> Basic - one central design and one border design (\$0.03-\$0.035 per square inch) <input type="checkbox"/> Basic Plus - one central design and multiple borders (\$0.04-\$0.045 per square inch) Custom (e.g. different designs for blocks or sections of the quilt, outlining, stitching in the ditch, echo quilting or crosshatching, multiple set-in motifs, smaller stippling in background spaces, often a mixture of computerized and free motion work, etc.) <input type="checkbox"/> As quoted (generally ranges from \$0.05-\$0.08 per square inch) Bobbin Thread Charge \$1.25 per bobbin (e.g. low density Edge-to-Edge queen size quilt takes approximately 5-6 bobbins of 50wt thread.) How to calculate your approximate quilting cost: 1. Multiply (top width) x (top length) = total square inches to be quilted. 2. Multiply (total square inches) x (Quilting Service Type) selected above = approximate cost to quilt your top. Other possible additional costs: multiple thread colors, purchase of new quilting motifs, and batting. Note: I have a minimum fee of \$50 per top regardless of the size.	Optional Add-On Services: Prep Services (These are things you can do before shipping your quilt to me that will save you money, and make your quilt turnaround time faster.) <input type="checkbox"/> Square top and backing prior to quilting: \$10 <input type="checkbox"/> Seam backing (if needed): \$10 <input type="checkbox"/> Thoroughly press top and backing: \$15 Check for loose threads, remove long threads, stay stitch seams along outer edge of top: \$15 Finishing Services <input type="checkbox"/> Trim finished quilt: \$10 (Please let me know if you want me to return any trimmed fabric scraps with your completed quilt.) <input type="checkbox"/> Make standard double fold binding with fabric you supply: \$0.075 per linear inch <input type="checkbox"/> Attach standard double fold binding to one side of quilt: \$0.10 per linear inch, includes quilt trimming at no additional cost <input type="checkbox"/> Machine sew second side of the binding so you receive back a completed quilt \$0.015 per linear inch <input type="checkbox"/> Hand sew second side of the binding so you receive back a completed quilt: \$0.025 per linear inch

General Background:

- Describe what you would like me to do:
- How will the quilt be used?
- Who is the quilt for? Is there anything about their interests or personality that you'd like me to capture in the quilting?

Quilting Motif/Pattern:

- Do you have an idea of the quilting design you'd like me to use or any pictures of quilting designs that you like?
- What style or feel are you looking for? (e.g. modern, traditional, special interest, sports, holiday, geometric, flowing, whimsical, serious, floral, playful, baby, etc.)
- How open or dense do you want the quilting?

Thread:

- How much do you want the quilting to blend vs contrast with the quilt top? Do you want me to pick the thread color, or do you have a color in mind? Do you prefer a solid or variegated color?

Batting:

Good batting makes a **BIG** difference in the quality of the finished product. I use, and have had good results with, "Quilter's Dream" and "Warm & Natural" brands of batting. Both brands have a variety of fiber options, and can be purchased from me to save you shipping costs. If preferred, you can provide your own batting, but if it is low quality I will warn you about the possibility of bearding (bits coming through the backing) when I quilt with it.

- Do you want me to provide the batting, and if so, do you have a preference for brand and fiber type?
- If you are providing the batting, tell me about the batting are you using (e.g. brand, fiber content, recommended quilting density)?

Other: Is there anything else you want me to know about your quilt/project? If so, feel free to tell me about it below.
